## When to Use These Codes

- An item with an old (less than 14-digit) barcode is returned to a library other than its home library
- An item is sent from one library to another without having its barcode updated
- If the pre-appending mechanism is not working, such as, after upgrades

## How to Use These Codes

Examples:

An Iola book with barcode 12345 would need typed in as:

34311000012345

A Chanute book with barcode 678910 would need typed in as:

34316000678910

**34316000678910**

Library Code

Barcode

Enough zeroes to make 14 digits:

If barcode is 5 digits, add 4 zeroes

If barcode is 6 digits, add 3 zeroes
